PROFESSIONAL EXPERIENCE

Borough of Manhattan Community College, New York, NY

Career Technical Education (CTE) Academic Mentor

August 2023 - Present

- Serve as a campus role model as an IMPACT Mentor, motivating student success through peer mentoring.
- Organize, and assist with campus activities to increase student engagement and promote college branding.
- Engage as an active member of the mentor network, with a SuperPeer mentor, to enhance personal development.

Innovative Resources for Independence, Queens, NY

Community Habilitation Specialist

August 2020 - Present

- Supervise and monitor individuals with developmental disabilities in the community and their homes.
- Help individuals to care for themselves by teaching them how to write their names, home addresses, and parents' phone numbers.
- Complete weekly and monthly documentation about the individual's progress.

INTERNSHIPS

Nearabl Inc., New York, NY(Remote)

Data Science Summer Intern

July 2023 - August 2023

- Retrieved and consolidated energy data from the Energy Information Administration (EIA) into CSV format across key categories including electricity, natural gas, and petroleum.
- Developed a Python function to extract real-time energy pricing data from the EIA's electricity and natural gas APIs.
- Documented the ETL process and Python data extraction functions through GitHub readme files and inline code comments that will be used for further analysis to build a Building AI-Energy app.

BlackFacts.com, New York, NY(Remote)

Junior Software Developer Summer Intern

July 2023 - August 2023

- Expanded content for the "Say Their Name" racial justice webpage by researching and aggregating relevant videos, images, and news stories related to police brutality incidents.
- Contributed to the project as a remote team member, logging daily progress through dailyBoot, participating in weekly sync meetings, and collaborating using Figma and Excel.
- Conceptualized and created storyboards for a responsive and shareable redesign of the "Say Their Name" website.

PROJECTS

- Developed an informational website using HTML, CSS, and JavaScript to provide immigrants with resources on healthcare, education, employment, and more to help them succeed in New York.
- Built a COVID-19 tracking web application using React, HTML, and CSS to display up-to-date disease data and statistics through integration with a third-party API.
- Built a full-stack web application with React and MySQL to allow store owners to share products online and attract customers.

SKILLS

- **Technical** - Python, C++, JavaScript, HTML, CSS, React, Git, GitHub, Postman, REST APIs, Visual Studio Code, AWS, Bootstrap, MYSQL, Jupyter Notebook, Pandas.
